Questions

Standard Package

- 1 All compressors in one room? (Y/N)
- 2 Distance between the compressors: meter
- 3 How many separate dryers do you have?
- 4 Central electrical cabinet for compressors and dryers? (Y/N)
- 110/220V power supply must be available next to communication device.
- Internet LAN must be available next to communication device.

Add ons

- 5 Are all compressors connected to one main pipe system outlet? (Y/N)
- 6 Pipe dimension and total straight pipe distance at compressors mains outlet: inch meter
For 2" pipe - 2,5 meters minimum required. For 3" pipe - 3,5 meters minimum required. For 4" pipe - 4,5 meters minimum required.
- 7 Distance between the compressors and location of "straight pipe": meter
- 8 Is flow meter with analog output available/installed?
If so, specify brand and model:
- 9 Is hot tapping allowed? (Y/N)
